PhD in Mathematics

London, UK · September 1998–February 2002

Universität Kaiserslautern

“Diplom” degree in Mathematics with “sehr gut” grade

Germany · September 1993–July 1998

WORK EXPERIENCE

Coder Foundry, C#/ASP.NET Software Engineer

Kernersville, NC · January 2016–March 2016

- Created a fully functional financial portal web application using .NET MVC framework. Composed dynamic front-end design using partial views and AJAX. Created custom action filters for authorization. Accessed database through LINQ to Entity framework.
- Created a fully functional MVC bug tracker web application from scratch. Handled secure file upload functionality for approved file types. Implemented code first database design with user- and role-level security. Database interaction done through LINQ to Entity framework.
- Created a personal portfolio website using C# MVC5 and JavaScript. Designed and developed front-end using HTML5, Twitter Bootstrap, and MVC model binding with Razor. Included secure log-in and blog web interface with user comments. Presented programming exercises and code snippets using JavaScript.
- Created a fully functioning car finder web application using SQL Stored Procedures. Composed dynamic, responsive front-end design using AngularJS, HTML5 and Twitter Bootstrap. Accessed NHTSA's car recalls database using provided WebAPI to show car recalls. Included images using Bing's WebAPI.

Professional Poker Player

December 2011–January 2016

- Started as complete beginner and within a year developed to one of the best cash games players in the world, playing the highest stakes available.
- Constant success over 4 years generating in excess of \$1M in profit.
- Produced poker videos for cardrunners.com and coached several players.
